

VICTORY TO THE LORD

During February 2009, our group heard a call to intercede with praise and worship for USA, through a « JERICHO meeting» for seven Saturdays in a row. The first prayer meeting took place on Ash Saturday and the last on Holy Saturday. An answer to this call and this act of faith has been the coming of Debbie Kendrick in July in our country. She received a two part prophecy** about France.

Part 1: We gather with a group once a month in the Washington area just to pray for France. During the June meeting, we began to pray for those who have no voice of their own--their lives having been taken from them by abortion. Numerically, we are told that no culture can sustain itself when the birth-rate drops below 2.11 children per family. In France the rate is 1.8 in families from traditional French ancestry. The birth rate of immigrants from the last 40 years is much higher at 6.0, on the conservative side. Because of abortion, the French are annihilating their own people and their culture. As we began to pray, I was overcome by the thought, "Who will be the first to abolish abortion?" I had never entertained this thought. In fact, in all of the times I had prayed, I had never really believed for it to end: An answer to this question resounded in me...very faintly at first, becoming louder and louder as I embraced the answer..."Why not France? Why not France? Why not France?" From that day I began to pray and declare with great joy that France would arise from the dust and let the Lord give her beauty for ashes.

Part 2: During a gathering in July in Brittany, the Holy Spirit began to turn over this soil in my life to plant His seeds for harvest. I gathered these precious seeds as He began to sow them from Heaven and was able to share the message during a conference with Alleluia France, as follows....

"Forbidden fruit. France, you have cultivated and grown and harvested forbidden fruit. And then you exported it to the world. It came to pass that "Made in France" was synonymous with risqué and unclean. You forgot Me. You shunned marriage and wasted your little ones. As life lost hope for many, your families have suffered the untimely self-inflicted deaths of their children.

Your cries for help are heard by Me. I am healing your sickness and I will heal you land. I am restoring hope and destroying the spirit of suicide that has devastated your people.

Regarding the present "economic crisis", so called by man, I am intervening to cause the merchandising of many things unclean to cease. I will bring to ruin economically many who have exploited and abused my little ones and who have sought sordid gain at the expense of those less fortunate.

France will lead in the restoration of decency and morality: It will come to pass that no longer will the exploitation of women in advertising be seen in the streets of France. There is a voice of decency that I am raising up in this country and the people will welcome and hear because the cup of iniquity has become a cup of poison and the people are sickened.

And you, France, will become a sweet fruit in the earth. I will take care of you as a vineyard and I will cultivate and harvest what is growing here. I will bring them from the four corners of the earth to taste the sweetness of your fruit. It will no longer be called Forbidden Fruit...but, rather, Passion Fruit. For all who taste it will be filled with desire and passion for Me".

The Council of Alleluia-France

*** A prophecy reveals the plan of God, which is made known through the prophets' voice and comes to pass thanks to those who pray with fervor and steadfastness. This call of prayer is thus directed to you. Thank you for sharing this prophecy with your contacts. We have a French and an Arabic version for those who are interested.*
